

Alan O'Driscoll

Student - Dublin, Ireland

W: <http://www.worky.com/alan-odriscoll>

I am a very ambitious and driven person who is goal-orientated. I work well on my own and I also enjoy working as part of a team. I would like to join a business that has good potential for growth and one which I could help be a key asset to through innovation and strategic planning.

Alan O'Driscoll's Professional Experience

2007 - 2010 Xtra Vision - Customer Service Representative

I was originally hired as a temporary active floor seller for the busy Christmas period but having excelled in sales I was offered a permanent position as a Customer Service Representative. I was entrusted with keys to the shop and would regularly work alone. I enjoyed interacting with customers as well as my administrative duties which included security checks and merchandising. I was then put in charge of the games section of the store, where we became the second largest selling Xtra Vision for gaming merchandise in Ireland. I left in the Summer of 2010 to travel and upon returning home I was offered an Assistant Manager job which I reluctantly refused because I wanted to focus on my studies in my final year in college.

Key Skills Customer Service, Active Floor Seller, customer service representative, Merchandising

Alan O'Driscoll's Education and Qualifications

2011 Bachelor/Degree - Marketing/Enterprise Dublin Institute of Technology
