SponsorshipBidder.com is an online auction platform for buying and selling corporate sponsorship and brand promotion opportunities in the Sports, Entertainment and Media industries. Because of this unique arrangement our service appeals to both sides of the sponsorship business model. Corporations and Businesses come to us looking for a team, a player, a venue or an event to sponsor - and a player, team or venue will come to us looking for a sponsor to endorse.

Our auction system includes a buy now function as well as providing an opportunity to bid, propose or even speculate from either side of the equation. So if you want to know how much your event is worth to a potential sponsor you could flag it for auction under a reserve proposal and watch to see what unfolds.
