

# Dimeji Adejola-Opeoluwa

Software - 35 Lowton Avenue, Manchester, United Kingdom

W: <http://www.worky.com/dimeji-adejola>

Looking for the opportunities to work as software developer for some leading company. A hardworking and flexible team player with excellent interpersonal and communication skills, and have had to work independently when the need arises under difficult circumstances.

## Dimeji Adejola-Opeoluwa's Professional Experience

---

2008 - Present

### ITT Dublin - Postgraduate Research

In the last 2 years I have updated my skills and have been exposed to an extensive design and development of large scale distributed applications including development of scalable Web services, Cloud Computing-based applications and mobile devices applications.

My Skills are:

- Programming Technologies: C# and .NET framework programming expertise, JAVA: Core Java, Java ME for development of mobile applications, Java Enterprise Edition technologies including servlets, JSP, Web Services using Eclipse.
- Database Programming: Oracle PL/SQL
- Enterprise Application deployments in Clouds such as Windows Azure, Amazon Web Services and Google Apps Engine.
- Virtualization: VM Ware, Sun VirtualBox.
- Good Understanding of network protocols (TCP/IP, NAT, PAT, WCCP, DHCP, ARP and routing protocols) and network security
- Understanding of software development life cycle
- Operating System: Opensolaris, Linux, Windows server 2008, Vista, XP/2000/2003
- Strong Analytical and Logical skills

Key Skills

DHCP, Eclipse, Java, JSP, Linux, Oracle, PAT, programming, Software Development, SUN, TCP, TCP/IP, VM Ware, Windows Server 2008

---

2006 - 2007

### NPL Testing and Consulting - Test Analyst (Agile Environment)

A William Hill Organization Contract

- Assisted with the preparation of test plans and the testing of different games and virtual sports software to company guidelines and standards
