

# Eren Bektas

## Business Analyst

W: <http://www.worky.com/eren-bektas>

### Education:

\* BE, Industrial Engineering (Summer 2009)

\* MS, Materials Engineering (Summer 2011)

### Specialties

Supply Chain, Lean Manufacturing, Logistics, Manufacturing Management, Six Sigma, Value Stream Mapping, Cellular Manufacturing, Kanban, Just In Time, Database Management, Project Management, SQL, C, C++, Optimization Software - LINGO, ProEngineer, ANSYS, AutoCAD, Plant Design System (Intergraph) and Bentley's Microstation (Piping Design).

## Eren Bektas's Professional Experience

- 2011 - Present **Deutsche Post DHL - Business Analyst, Procurement Ground Fleet Europe West & South**  
I am taking roles in issues such as supporting and leading European and International sourcing/tender projects, running sourcing initiatives in Ground Fleet cluster under following sub-categories: Cars & Vans, Heavy Vehicles, Fleet Services and Fuels, analysing weekly savings reports, keeping in touch with suppliers. I've also participated to investigate Euro 6 engine for reduction of pollutant emissions from vehicles.
- Key Skills Reports
- 2010 - 2011 **Sarten Packaging Company - Production Planing Engineer**  
I was taking roles in issues such as planning the production of injection boxes and plastic bottles for the production lines, determine the consumption of raw materials for each factories, measuring performance of factories according to delivery dates, preparing budgeting tables and reports according to sales forecasts, developing new projects to reduce discard ratio at factories.
- Key Skills budgeting, Reports
- 2009 - 2010 **Turkish Land Forces - Commander, Infantry Sergeant**  
I've successfully completed military service as infantry sergeant in Turkey and Syria border. My roles were controlling and defending Turkish borders, planning and optimizing the military vehicle's (Trucks and Vans) routes and determining and reporting vehicle's fuel consume on the land.
- 2009 - 2009 **LG Electronics - Business Analyst**  
I worked in strategic sales and marketing departments with Korean engineers. We focused on 'live or die project'. My duties included entering data results of mobile shops surveys for marketing research and observing secretly rate of price increase for price adjustment at the shops. I collected systematically data from different retailers to investigate customer behaviour. We increased our share of sales from 10 % to 30 % at the end of the project.
- Key Skills data, engineers, Korean, Marketing
- 2007 - 2009 **Istanbul Commerce University - Library and Documentation Assistant**  
Checking library materials in and out, Shelve books and straighten shelves, keeping circulation records, putting reserves on books that have been requested, Assisting University teacher to find suitable information and materials on the requested time
- 2008 - 2008 **BEKO Elektronik - Sales and Marketing**  
I have worked in marketing and sales department in BEKO. I compared the entire sales price of UK

and France retailers for durable consumer goods (Carrefour, Darty, Conforama, Auchan, Comet and Curry). I edited data which was collected from different sources and prepared excel tables to present my projects. Because of this I well know Europe market. In addition to this, I observed production lines at factories and attended six sigma projects.

### **Eren Bektas's Education and Qualifications**

---

2014 **Bachelor/Degree - MSc., Materials Engineer**  
**Istanbul Technical University**

Master of Sciences in Material Engineering; Thermodynamics of Materials, Mechanical Properties of Materials, Failure Analysis, Phase Transformation, Electrolytic Coatings and Surface Modification Techniques.

---

2009 **Bachelor/Degree - Bachelor of Engineering, Industrial Engineer**  
**Istanbul Commerce University**

Scholarship from Istanbul Commerce University 2005 -2006 / Algorithms and Programming, Modeling and Optimization, Manufacturing Processes , Operational Research, Engineering Economy & Cost Analysis, Financial Accounting
