W: <http://www.worky.com/kevin-nolan3>

Kevin Nolan's Professional Experience

2010 - Present **Technology Innovation For Living - Mr**

1990 - Present **AGFA UK London - Analyst Programmer AS400 RPG**

I worked in AGFA West London as an analyst programmer in RPG on the IBM AS400. I worked primarily in the manufacturing side of the business. I also got to work along side the business analyst giving me additional insight into the system we were working on. In addition I was one of the only people who had desktop computers and their maintenance.

Key Skills Analyst Programmer, Business Analyst, IBM, Programmer, programming, design, computer maintenance, user specification
