

Krishna Ajvalia

Krishna Ajvalia - Experienced Aeronautics Professional

W: <http://www.worky.com/krishna-ajvalia>

A graduate of Embry-Riddle Aeronautical University, Krishna Ajvalia earned his Bachelor's with honors in Aeronautical Science with a minor in air traffic control and dispatch.

Supplementing his Bachelor's degree in Aeronautical Science, Krishna Ajvalia also earned his Aircraft Dispatcher Certificate, a Class 1 Medical Certificate, and an FCC Radio Operator's license.

While completing his studies at Embry-Riddle, Krishna Ajvalia participated in several internships and temporary jobs at Teterboro Airport, New Jersey that provided him with hands-on aeronautical experience outside the classroom. In 1988, Krishna Ajvalia served in his first role as a Noise Abatement Intern. Krishna Ajvalia worked with noise monitoring systems designed to comply with local noise restrictions, compiling and analyzing data from these systems. Besides these duties, Krishna Ajvalia worked with airport personnel to craft new procedures and adjust aircraft routes.

Krishna Ajvalia's Education and Qualifications

2001 **Bachelor/Degree - Aeronautical Science**
Embry-Riddle Aeronautical University
