

# Mary McCarthy

MS Access / Excel / VBA Developer - Dublin, Ireland

W: <http://www.worky.com/mary-mccarthy4>

I have worked for many years as an expert in creating and troubleshooting Databases developed using MS Access and VBA. I have worked as a self employed consultant for the last few years and have experience of working with many types of companies including Financial Institutions and Government Departments.

I don't include all clients in my work history as some of them involved very short contracts.

Recommendations available upon request.
