

Szabolcs Kocsi

team leader at AV Engineering - Budapest, Hungary

W: <http://www.worky.com/szabolcs-kocsi>

Plans:

I would like to move abroad in order to gain more experience and knowledge.

About my experiences:

I have experience in designing and developing multi-threading, distributed applications on Linux platform using C, Python, C++ and Fortran language. I developed several C++ modules for the Windows platform as well. So I have gathered a fair amount of knowledge in working with large, distributed systems in a challenging environment.

I also have worked on JAVA back end systems for web services, using J2EE, Hibernate and Swing, and I have good knowledge about databases like MySQL and PostgreSQL. I also had to create, modify plugins for PHP based CMS systems (Wordpress, Drupal).

About me:

I consider myself a developer, engineer, who does not stick to one tool, but tries to find the best to solve the problem at hand. I'm in good in creating the atmosphere for a good and productive working environment, and I also have the organisation skills to lead, coordinate a team.

Szabolcs Kocsi's Professional Experience

2009 - Present **private, contract based projects - developer**

JAVA based back end and front end system development, using Hibernate, Vaadin (GWT), J2EE, Swing, JSP, JSTL, Javascript, CSS, HTML, Netbeans.

Key Skills css, gwt, HTML, J2EE, Java, JavaScript, JSP, NetBeans, Vaadin

2008 - Present **CAE Engineering - team leader**

Key Skills C, C++, Fortran, Linux, Linux shell scripting, Python, Unix, Windows

2008 - Present **CAE Engineering - team leader**

2006 - 2007 **ASP4Mobile - web developer**

Key Skills CMS Systems, Hibernate, Java, MySQL, Oracle, PHP, PostgreSQL, Swing

2006 - 2007 **ASP4Mobile - web developer**

Szabolcs Kocsi's Education and Qualifications

2008 **Diploma - master, Electrical Engineering and Informatics**

Budapesti Műszaki és Gazdaságtudományi Egyetem / Technical University of Budapest

2008 **Bachelor/Degree - master, Electrical Engineering and Informatics**

Budapesti Műszaki és Gazdaságtudományi Egyetem / Technical University of Budapest
