Bashir Ahmed's Professional Experience

2004 - Present **Bahrain Defence Force - Aircraft Maintenance Technician**

I worked extensively on hydraulic, fuel, pneumatic, ECS (air conditioning system), landing gears, wheels & brakes and

flight controls mechanical systems. My most recent experience is in fault isolation, trouble shooting of 1st line and 2nd line Maintenance.

I am confident that I will prove myself. Please give me a chance. I was authorized to clear the red X entries . I am also expert to overhaul the electro hydraulic components (actuators solenoid valves and manifolds etc), maintenance operation of all kinds of hydraulic test as technician or supervisor in your organization

I assure , you that I will fulfill your expectations.. Thanks

Yours Truly,

Bashir Ahmed
